Some idea of the amount of freight bus ness now being done on the T. W. & W. R. At this rate this road will ere ong be enabled to throw down the gauntlet to all other roads in the West in the freight business .- Toledo Express.

PROFESSOR WOOD'S HAIR RESTORATIVE. We call attention of all old and young, to this wonderful proparation, which turns back to its original color, gray hair—opens the load of the hald with a luxoriant greatly—removes the danruff, tiching, and all cutaneous graphions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its culor, and keep it from failing to extreme cit age, its all its natural beauty. We call upon the baid, the gray or diseased in scalp, to use it; and surely the weining with not, as they value the flowing locks, or the witching circlever be without it.
